## CARPET GLO : Carpet Shampoo

A good carpet shampoo must be able to produce a great amount of “dry” foam which can penetrate and dissolve the dirt. It must not be absorbed and be allowed to penetrate into the bottom of the carpet since this could result in damage to the carpet. It must not be allowed to adversely affect the fibres or colour of the carpet either.

Carpet Glo fulfils all these requirements and gives the excellent care needed to maximise carpet appearance and functional life.

Available in:

- 1 litre (*Product code: 2034*)
